MEMORANDUM FOR THE RECORD

SUBJECT: ELINT Training

25X1 [redacted] of the Agency ELINT Staff called at 0930 the morning of 17 February. The purpose of his call was to confirm an earlier 25X1 conversation he had had with [redacted] relative to the possible use by OTR of an ELINT Staff employee who should return from abroad early 25X1 this summer. [redacted] did not name the individual, but states he has had a good deal of practical experience in the ELINT field and at an earlier date was a teacher of electronics. [redacted] wanted to 25X1 be sure that Training was interested in this individual whom they intend to keep on their staff but would make him available to OTR as an instructor or in any other capacity OTR might require. I told Mr. 25X1 [redacted] that [redacted] had told me about this case and that Training would definitely be interested in talking to the individual at the time of his return, but that this did not commit the Office of Training to using the individual in any particular capacity, if at all. Places where such an individual might be useful to OTR would be the Operations School 25X1 S & T Course or [redacted] activity of monitoring on-the-job training by internal Agency components.

25X1 [redacted]

25X1 I saw [redacted] later this morning. At that time he identified the 25X1 individual in question as [redacted]
